YOU ALL NEED TO DELETE ANY OF YOUR COMMENTS REGARDING WHO DID WHAT. You are under zero obligation to leave them up. You/we have not yet gotten a preservation order instructing us to retain those chat comments. So DELETE THEM.
I can't delete them because this is a legacy Signal chat that doesn't let me delete comments. Only the comment author can delete a comment. So GET BUSY.
DELETE your self-incriminating comments or those that can incriminate others.
